A MODEL HOUSE.

Buy your Goods of reliable merchants who have been tried. The house with no reputation will resort to tricks of trade to secure custom, and will make the most out of you at the time, and then look out for fresh victims. In Troy pre-eminently the house that has built up and sustained an increasing business from year to year, for more than half a century, is that of

G. V. S. QUACKENBUSH & CO.,

DRY GOODS and CARPETS,

Cor. BROADWAY and THIRD ST.,

TROY, N. Y.

This magnificent store, by far the largest in the line in the city, with its **IMMENSE STOCK OF DESIRABLE GOODS**, stands to-day a monument of their enterprise. Occupying a corner, and extending the entire length from street to alley, with its four stories and basement, it affords the best facilities of light for the display of goods and of comfort in examining them. On the main floor are departments for

Silks, Laces, Velvets and Plushes, Dress Goods, Mourning Goods, Parasols, Ribbons, Gloves, Hosiery, White Goods, Ladies' Underwear, Cloths, Cloakings, Boys' Clothing, Flannels, Linens, Cottons, Blankets, Prints and Notions.

UP STAIRS ARE THE CARPET ROOMS, THE CURTAIN AND UPHOLSTERY ROOMS, THE CLOAK PARLORS, AND THE BUTTERICK PATTERN DEPARTMENT.

All of these are fully stocked with the latest and best styles. Quackenbush's motto: "The Best is the Cheapest," has proved itself true a thousand times. Those who buy their goods are sure of the best of the kind, and their large business enables them to sell the best qualities as low as smaller stores can afford inferior goods.

As above stated, the business of this house has been constantly increasing. The founder, G. V. S. Quackenbush, after more than forty years' devotion to its advancement, died in 1872, and was succeeded by his son-in-law, S. H. Lasell, and his partner, W. H. Sherman, both of whom have been connected with the business for more than thirty years. The heads of many departments have also been long in their employ, and the business has been extended, and new features introduced, until to-day their facilities for offering the best selections at lowest prices are unexcelled. Visitors to Troy are cordially invited to call and look through the store, whether wishing to buy or not.

PREFACE.

The 58th number of the Troy Directory, with Directories of its suburbs, is issued at the usual time, and the publishers trust that, in every respect, it will merit the customary approval of their patrons and friends. Appreciating fully the importance of correct information in a work which will be so often consulted and relied upon in important matters by the public during an entire year, and the annoyance and loss which an omission or a wrong address may cause, and conscious that errors cannot pass unnoticed, we are stimulated throughout our work to neglect no precaution and to omit no care or labor that will secure the greatest possible accuracy. While we claim a reasonable degree of completeness and correctness, and can always invite comparison with any other similar publications, yet, knowing well the peculiar difficulties that exist in the collection of exact information for a Directory, which cannot be appreciated by those who have had no experience in similar work, we ask the lenient judgment of the public for any errors of omission or commission that may be found to exist.

More than the ordinary amount of labor has been performed this year, as is evidenced by the increase of names and the unusually large number of changes recorded below. Of the 40,015 names contained in the Directory of 1885, only 19,772 remain unchanged in this. In Lansingburgh it was found that notwithstanding the entire change in the names of the streets, many residents continued to use only the old names, and were unacquainted with the new. The numerous changes in names of streets and in numbers of houses in Troy was a needed improvement, but as they were made after our work had well progressed, and as there was a lack of any system of notifying residents upon those streets of the changes, our labors were much increased, and more than ordinary care was necessary in compilation.

A new feature of the Directory this year, which all who use it to any extent will appreciate, is the improved method of using ditto marks for all but the first of each surname. By this means both the surnames and Christian names are brought out more prominently and can be more quickly found.

Of those whose names were recorded in the first Directory of Troy, in 1829, the following remain to be recorded in this volume: William Barton, David Bristol and George Sims, of Troy; William Perkins and Jefferson Gardner, of Lansingburgh; and Abijah Holcomb, of Green Island. The following have died since our last publication: John Archibald, August 16, 1885, in his 98th year; Ebenezer Prescott, March 14, 1886, aged 94; and Gardner Lanson, of Manhattanville, February 18, 1886, aged 90.

At the Book Store of WILLIAM H. YOUNG, a complete set of the City Directories may be found, and any information regarding the early editions can be obtained.

TROY STREET DIRECTORY.

Giving the name of each street, and showing what other streets and places run from it or across it, with the number at which they intersect.

From this list, the location of any number on a street can be easily ascertained; as, for instance, wishing to know at what part of Second street No. 168 comes, you look at Second street, on page 14, and find that Liberty street crosses at 156, and Washington street at 178, showing that 168 Second street would come half way between Liberty and Washington streets.

Fire Alarm Telegraph.

CENTRAL OFFICE, ARBA READ STEAMER HOUSE.

Location of signal stations, and rules and regulations to be observed in giving an alarm of fire.

Directions to those holding Signal Station Keys.

If a fire is discovered in your immediate vicinity, go to the nearest Box. Pull the Hook all the way down *once* and let it go; wait a minute, and if you hear no tap in the Box or alarm from the Bells, go to the next nearest Box and pull the Hook as before.

If convenient, wait at the Box and direct the Firemen to the fire.

CAUTIONS.

1. Never open the Box or touch the Hook, except in case of fire *near you.*
2. Never pull the Hook when the small Bell in the Box is tapping.
3. Be sure that your Box is locked before leaving it.
4. Never let the key go out of your possession, except to some known responsible person, to give an alarm.

EVERY POLICEMAN HAS A KEY.

NOTICE.

Complaints concerning the working of the Fire Telegraph, Irregular Striking of the Bells, or Tapping of the Boxes, Broken Wires, etc., should, *in all cases,* be made to the Superintendent, James Knibbs, at the Fire Alarm Office, Arba Read Steamer House.

MANNER OF STRIKING ALARMS.

Alarms of Fire will be sounded by striking the Number of the Signal Stations on St. Paul's, St. Joseph's, St. Mary's, St. Patrick's and St. Peter's Church Bells, and the Engine House Gongs, as for example: For Station No. 3, three consecutive blows, followed by an interval of twelve seconds; Station No. 35, three blows, with an interval of five seconds; then five blows, followed by an interval of twelve seconds; Station No. 172, an interval of five seconds between the one and seven, five seconds between the seven and two, followed by an interval of twelve seconds.

REQUIREMENTS FOR ADMISSION.

Previously to examination the candidate must present testimonials of good moral character to the Director of the Institute.

For admission to Division D, at the opening of the Winter Session, the candidate must be at least sixteen years of age, and pass satisfactory examinations in Arithmetic, Geography, English Grammar, including Spelling; Algebra, through quadratic equations, and five books of Wentworth's Geometry. For admission to advanced standing, at the opening of either the Winter or Summer Session, the candidate must be correspondingly older, and pass satisfactory examinations in the same, and also in all the previous studies of the Division which he proposes to enter. These examinations are extended and rigorous, including both Principles and Practical Examples.

SESSIONS AND VACATIONS.

The Scholastic year is divided into two Sessions of nineteen weeks each. After the First or Winter Session there is a vacation of one week; and after the Second or Summer Session there is a vacation of thirteen weeks.

The Scholastic year of 1886-7 will commence on Wednesday, September 15th, 1886.

SESSIONS.

The School year is forty weeks or four quarters of ten weeks each. Commencing with the third Wednesday in September, closing with the last Wednesday in June. The only vacation is during the Christmas holidays.

The success which has attended the efforts of the trustees of the seminary to maintain a day school of the first-class in Troy is assured The patronage of our citizens is generous, and the scholarship and progress of the pupils satisfactory.

The Institution has recently been more completely equipped for instruction in the physical sciences; and classes in primary branches have been arranged, which offer unusual advantages for young children

It is confidently asserted that pupils residing at their own homes in Troy have, at the Seminary, means of advanced education equalled by only a few of the best boarding schools and colleges for young ladies in the country

The school thus affords to the citizens of Troy unexcelled facilities for the thorough and economical education of their daughters, while surrounded by home influence and parental care.

An investigation of the merits of the school is respectfully invited.

This Company owns the entire water-power of the Mohawk River at Cohoes, embracing the celebrated Cohoes Falls. Aggregate fall, one hundred and twenty feet, giving nearly ten thousand horse-power. The Company's gate-house and dam are among the finest structures of the kind in the United States.

The canals are so constructed as to give a succession of falls from one canal to another, varying in height from twelve to twenty-five feet. The power is leased by the company, with land for factory building, in perpetuity, at an annual rental of about twenty dollars per horse-power, and considering the quality, is the cheapest in the country. It is an unfailing power; and during the past few years, while most of the water-powers in the country have failed for a time, Cohoes has had an abundant supply, without one minute's stoppage. About one-third of this magnificent power is unappropriated, and appurtenant thereto are some of the finest factory sites to be found anywhere.

Cohoes is situated at the confluence of the Mohawk and Hudson Rivers, about four miles from Troy and ten from Albany, and is eligibly located with reference to New York and other markets, and possesses superior advantages for transportation to market, either by river, canal or railroad, having two canals and two railroads running through it. It is a thriving young city of nearly twenty thousand inhabitants, and contains some of the finest cotton and other factories in the United States.

WARD BOUNDARIES.

The city is divided into five wards, bounded and described as follows:

FIRST WARD—All that part of the city included within the following lines, to-wit: Commencing at a point in the Mohawk river, where the centre line of Vliet street extended intersects the boundary line of the city; thence westerly along said line and the centre line of Vliet street to its intersection with the Erie canal; thence southerly along the centre of said canal to the centre line of Cataract alley, extending westerly to the Central railroad; thence northerly and westerly along the centre of said railroad to its intersection with the centre of Manor avenue, thence westerly along said Manor avenue to the western boundary line of the city; thence northerly and easterly along the boundary line to the Erie canal, thence northerly along Erie canal to the northerly bounds of city, thence easterly along said boundary to the centre of Mohawk river, then southerly along said river to the place of beginning, shall comprise the first ward.

SECOND WARD—All that portion of the city comprised within the following lines, to-wit: Commencing at a point in the Mohawk river, where the line of Vliet street extended intersects the boundary line of the city; thence easterly and southerly along said boundary line and the centre of the south branch of said river, as it flows easterly of Simmons' island, to a point directly east of the south end of said island; thence in a direct line to the point of intersection of the centre of Pine street with the centre of the Champlain canal; thence along the southerly boundary line of the second ward of the village (now city) of Cohoes to its intersection with the Erie canal; thence northerly along the centre of said canal to the centre of Vliet street; thence easterly along Vliet street and the line of Vliet street, extending to the place of beginning, shall comprise the second ward.

THIRD WARD—All that part of the city comprised within the following lines, to-wit: Commencing at a point in the centre of the south branch of the Mohawk river, directly east of the south end of Simmons' island; thence southerly along the centre of said south branch to a point where the centre line of Cedar street, extended easterly, intersects the same; thence westerly along said line, and thence westerly along said line and the centre line of Cedar street to the centre of Saratoga street; thence in a direct line to the centre line of Columbia street, where it intersects the centre line of Mohawk street; thence westerly along the centre line of said street to the centre line of the Erie canal; thence northerly along the centre line of said Erie canal to its intersection with the centre line of Cataract alley, extending in a direct line to the centre line of the New York Central railroad; thence easterly along said line of Cataract alley and the southerly boundary line of the second ward of said city, as hereinbefore defined, to the place of beginning, shall comprise the third ward.

FOUTH WARD—All that portion of the city lying south of the southerly line of the third ward and south of the centre line of Columbia street extended, to the western bounds of the city, also Van Schaick's island, shall comprise the fourth ward.

FIFTH WARD—All that part of the city included within the following lines, to-wit: Commencing at a point where the centre line of the Erie canal intersects the centre line of Columbia street; running thence northerly along the centre line of the Erie canal to a point where it intersects the centre line of Cataract alley extended, in a direct line, to the centre of said canal; thence running westerly, in the direct line of Cataract alley extended, to the centre of the track of the New York Central railroad; thence northerly along the centre line of said railroad track to the centre of Manor avenue, thence running westerly along the centre line of said Manor avenue, to the westerly bounds of the city; thence running southerly and along the west bounds of the city to the centre line of Columbia street; thence easterly along the centre line of Columbia street to the place of beginning, shall comprise the fifth ward.

The Troy Daily Telegram.

—THE ONLY—

Morning Paper in the City.

COVERING THE ENTIRE FIELD TO THE NORTH AND EAST OF TROY.

The TELEGRAM, like all Morning Papers, is read by the people just before they want to buy, and hence gives advertisers an opportunity of reaching purchasers at a time that no paper issued at any other hour of the day can.

Advertising in a Morning Paper always pays. The TELEGRAM meets all of the in-coming trains, and is read by the out-of-town purchasers as they are approaching the city, thus making an advertisement in this paper of the greatest value, and one that will repay the advertiser.

OFFICIAL PAPER OF THE CITY.

The TELEGRAM has the city and vicinity, 200,000 population, for morning advertising to itself.

The Troy Northern Budget.

A WORD ABOUT ADVERTISING.

THE common trade principles involved in any mercantile transaction of purchase and sale apply with equal force to newspaper advertising. The day is passed when the advertiser need spend his money on the "hit or miss plan," and an investment in the columns of a well-read and extensively circulated paper is as sure of profitable returns as any other form of mercantile transaction. With an extensive and wide-spread circulation should be combined conditions that make the paper also well and thoroughly read, and not hurriedly glanced at and then thrown aside. These conditions can only be found in a Sunday newspaper. As the demand for newspaper reading on that day greatly exceeds that of any other day, and as time, leisure and inclination for reading is much greater on Sunday, no part of the Sunday newspaper is hurriedly glanced over, as is the case with the usual daily papers of the other days of the week; but the advertisements receive their share of attention, are appreciated and the force of their announcements felt. Advertisements are read in a Sunday paper when they are read in no other paper, and they have tenfold greater effect when so read. This fact is made apparent by a glance at the Sunday editions of the New York and Boston Sunday papers, whose advertising on Sundays greatly exceeds that of any other day of the week, and in many cases is more than that of all the rest of the days of the week combined.

These combinations of circumstances that are so necessary for successful advertising are found in their best condition in this vicinity in THE TROY NORTHERN BUDGET, whose wide-spread circulation, influence and value as an advertising medium is not equaled in this vicinity; and when in connection with this we take the fact that THE BUDGET is thoroughly read in all of its departments, we can assure the merchants of Troy and vicinity that the object of an advertisement is obtained in its fullest extent in the columns of THE TROY NORTHERN BUDGET.

Yours respectfully,

C. L. MAC ARTHUR & SON.

TROY CASH BAZAAR.

This popular institution is now over twenty-one years of age, having been founded in March, 1865, at No. 322 River street. The growth of the TROY CASH BAZAAR is indeed most remarkable. From a store with about seven hundred square feet of flooring and employing not more than half a dozen people all told, it has steadily grown until it has now forty-one thousand feet of flooring, with fifty-two separate and distinct departments; has employed at one time as many as three hundred and seventeen people, and has for several years past done an actual retail cash business of over a million dollars per annum, which is probably much larger than the actual cash sales of all the other dry goods houses in Troy added together. Some idea can be formed of the immensity of the out-of-town trade alone of this great house when we state that it is the largest patron of the Post-Office and express companies in this city. No other house in Troy purchases in such sweeping quantities direct from the manufacturers; it is the only house in Troy that invariably pays spot cash for its goods, and it must be therefore plain that no other house in Troy can afford to sell so cheaply. The TROY CASH BAZAAR employs more actual cash capital than all the other dry goods houses in Troy added together; it is the largest cash store on this continent north of New York City, and is the largest retail cash store in any city of the size of Troy on the face of the earth. The almost phenomenal success that has attended and continues to attend this grand mammoth retail mart, is due in great part to one of the fundamental and inviolable business principles of WILLIAM H. FREAR, who adopted as his motto twenty-one years ago, and has religiously kept it ever since: "*Perfect satisfaction guaranted or money cheerfully refunded.*"
